Hospital Supply Chain Extenders

- When medical and surgical products are back-ordered—or in limited supply—it can be a headache.
- Let us provide a **no-obligation quote** for any products that you are not able to source through your regular channels.

- Established 1993
- Published nation's largest diabetes magazine for 20+ years
- Now—**trusted sourcing partners** for hospitals and health care organizations

- Proud **AHRMM-Vetted Supplier**
- References from supply chain leaders at dozens of health systems nationwide

- We are **hospital supply chain extenders!**
- We source medical and surgical products that are **back-ordered—or in limited supply** for all departments

- Donations of **surplus products** are welcome
- We also purchase select items
- We pick up product or send no-charge labels
